

Core Quality Solutions

Core Quality Solutions is a consulting company with an exceptional team of dynamic professionals. We aim to enhance capabilities by providing client-centric solutions to complex technology problems, with quality being our No.1 attribute. We will provide our clients with our expertise in program, project, IT and administrative management and consulting. Our leadership team collectively represents over 27 years of exceptional Department of Defense (DOD) and contracting experience. We provide notable, specialized, and certified experience in Program Management, Project Management and Process Improvement (Lean Six Sigma). This allows us to suggest just the right tools, technologies, and frameworks to accomplish your goals. Our passion for problem solving and innovation is in every project we engage in, and we are committed to building a long-term relationship that brings value to your business while exceeding your specific requirements and expectations.
